THURSDAY, April 3.

On Monday the house of representatives were exclusively engaged until 5 o'clock, with closed doors, in discussing the propriety of taking off the injunction of secrecy relative to the measures taken on Spanish affairs, which issued in taking off the injunction of secrecy. The following is the journal of these proceedings. Long as it is, it is but a skeleton. Such, however, as it is, it will be read with a deep interest. We have no time to accompany these proceedings with any elucidating remarks. We shall merely say that there appears to have been on this subject an honest diversity of opinion, which resulted in the adoption of measures of a pacific complection, by a large majority. [*Nat. CONGRESS
OF THE
UNITED STATES.

HOUSE OF REPRESENTATIVES.

Friday, the 6th of December, 1805.

The Speaker laid before the House a letter and communication from the President of the United States, which were read.

Ordered, That the said letter and communication, together with the documents accompanying the same, be referred to Mr. John Randolph, Mr. Nicholson, Mr. John Cotton Smith, Mr. Mumford, Mr. Williams of South Carolina, Mr. Bidwell and Mr. Brown.

Friday, the 3d of January, 1806.

Mr. John Randolph from the committee to whom were referred the message and communication of the President of the U. States of 6th of December last, together with the documents accompanying the same, made a report thereon as follows:

Report of the committee to whom was referred the message of the President of the United States of the 6th December, 1805.

The committee have beheld with just indignation the hostile spirit manifested by the court of Madrid towards the government of the United States in withholding the ratification of its convention with us, although signed by its own minister under the eye of his sovereign, unless with alterations of its terms, affecting claims of the United States, which, by the express conditions of the instrument itself, were reserved for future discussion; in piratical depredations upon our fair commerce; in obstructing the navigation of the Mobille; in refusing to come to any fair and amicable adjustment of the boundaries of Louisiana; and in a daring violation, by persons acting under the authority of Spain, and no doubt, apprised of her sentiments and views, of our undisputed limits which she had solemnly recognized by treaty.

To a government having interests distinct from those of its people and disregarding their welfare, here is ample cause for a formal declaration of war, on the part of the United States, and such, did they obey the impulse of their feelings alone, is the course which the committee would not hesitate to recommend; but to a government identified with its citizens, too far removed from the powerful nations of the earth for its safety to be endangered by their hostility, peace must always be desirable, so long as it is compatible with the honor and interests of the community.

Whilst the United States continue burthened with a debt, which annually absorbs two thirds of their revenue, and duties upon imports constitute the only resource from which that revenue can be raised, without resorting to systems of taxation, not more ruinous and oppressive, than they are uncertain and precarious, the best interests of the union cry aloud for peace. When that debt shall have been discharged, & the resources of the nation thereby liberated, then may we rationally expect to raise even in time of war, the supplies which our frugal institutions require, without recurring to the hateful and destructive expedient of loans; then, *and not till then*, may we bid defiance to the world. The present moment is peculiarly auspicious for this great and desirable work. Now, *if ever*, the national debt is to be paid, by such financial arrangements as will accelerate its extinction, by reaping the rich harvest of neutrality, and thus providing for that diminution of revenue, which experience teaches us to expect on the general pacification of Europe. And the committee indulge a hope, that, in the changed aspect of affairs in that quarter, Spain will find motives for a just fulfilment of her stipulations with us, and an amicable settlement of limits, upon terms not more beneficial to the United States, than advantageous to herself, securing to her an ample barrier on the side of Mexico, and to us the countries watered by the Mississippi, and to the eastward of it. But whilst the committee perceive, in the general uproar of Europe, a state of things peculiarly favorable to the peaceable pursuit of our best interests, they are neither insensible to the indignity, which has been offered on the part of Spain, nor unwilling to repel similar outrage.——On the subject of self defence, when the territory of the United States is insulted, there can be but one opinion; whatever difference may exist on the question, whether that protection which a vessel finds in our harbours, shall be extended to her, by the nation, in the Indian or Chinese seas? Under this impression, the committee submit the following resolution: the annexed letter from the secretary of war will explain why it is not more explicit.

Resolved, That such number of troops not exceeding as the President of the United States shall deem sufficient, to protect the southern frontiers of the U. States, from Spanish inroad and insult, and to chastise the same, be immediately raised.

The said report was read and ordered to be referred to the consideration of a committee of the whole house on Monday next.

On motion made and seconded, that the house do come to the following resolutions:

Resolved, That dollars be appropriated by law for the purpose of defraying any extraordinary expences which may be incurred in the intercourse between the U. States and foreign nations, to be paid out of any monies in the treasury not otherwise appropriated, and to be applied under the direction of the president of the U. S. who shall have authority, if necessary, to borrow the said sum or any part thereof, in behalf of the U. States, at a rate of interest not exceeding 6 per centum per annum, and shall cause an account of the expenditure thereof to be laid before congress as soon as may be.

Resolved, That the additional duty of two and a half per centum advalorem, imposed by an act, entitled "An act further to protect the commerce and seamen of the U. S. against the Barbary powers," be continued for years.

Ordered, That the said resolutions be committed to the committee of the whole house, to whom is committed the before mentioned report of the committee on the message and communication from the president of the U. S. of the 6th of December last.

Monday, the 6th of January, 1806.

The house, according to the order of the day, resolved itself into a committee of the whole house, on the report of the committee to whom were referred the message and communication from the president of the U. States of the 6th of December last, and the documents accompanying the same, as also on the resolutions referred to the said committee of the whole House on Friday last; and after some time spent therein, Mr. Speaker resumed the chair, and Mr. Gregg reported that the committee had, according to order, had the said report and resolutions under consideration, and made some progress therein, but not having time to go through the same, had directed him to move the House for leave to sit again.

Resolved, That this House will, to morrow, again resolve itself into a committee of the whole House, on the said report and resolutions.

Tuesday, the 7th January, 1806.

On a motion made and seconded, that the house do come to the following resolution:

Resolved, That any arrangement of limits between the United States and Spain, which shall secure to her an ample barrier, on the side of Mexico, and to the United States, the countries watered by the Mississippi, and to the eastward of it, will meet the approbation and support of this house; and

Ordered, That the third resolution be committed to the committee of the whole house, to whom is referred the report of the committee on the message and communication from the president of the U. S. of the 6th December last, and the documents accompanying the same, as also two resolutions referred to the same committee of the whole house on Friday last.

The house then, according to the order of the day, again resolved itself into a committee of the whole house, on the said report and resolutions, and after some time spent therein, Mr. Speaker resumed the chair, and Mr. Gregg reported, that the committee had, according to order, again had the said report and resolutions under consideration, and made a further progress therein, but not having time to go through the same, had directed him to move the house for leave to sit again.

Resolved, That this house will, to morrow, again resolve itself into a committee of the whole house, on the said report and resolutions.

Wednesday, the 8th of January.

The house according to the order of the day, again resolved itself into a committee of the whole house, on the report of the committee to whom was referred a message and communication from the president of the United States, of the 6th of December last, and the documents accompanying the same, as also on two resolutions referred to the same committee of the whole house on Friday last, and one other resolution referred to the same committee of the whole house on Tuesday last; and after some time spent therein, Mr. Speaker resumed the chair, and Mr. Gregg reported, that the committee had, according to order, again had the said report and resolutions under consideration, and made some progress therein, but not having time to go through the same, had directed him to move the house for leave to sit again.

Resolved, That this house will to morrow, again resolve itself into a committee of the whole house, on the said report and resolutions.

Thursday, the 9th of January.

The house according to the order of the day, again resolved itself into a committee of the whole house, on the report of the committee to whom was referred a message and communication from the president of the United States, of the 6th of December last, and the documents accompanying the same, as also on two resolutions referred to the same committee of the whole house on Friday last, and on one other resolution referred to the same committee on Tuesday last, and after some time spent therein, Mr. Speaker resumed the chair and Mr. Gregg reported, that the committee had, according to order, again had the said report and resolutions under consideration, and made a further progress therein, but not having time to go through the same, had directed him to move the house for leave to sit again.

Resolved, That this house will to morrow, again resolve itself into a committee of the whole house on the said report and resolutions.

Friday, January 10.

The house according to the order of the day, again resolved itself into a committee of the whole house, on the report of the committee to whom was referred a message & communication from the president, of the United States, of the 6th of December last, and the documents accompanying the same, as also on two resolutions referred to the same committee of the whole house on Friday last, and on one other resolution referred to the same committee on Tuesday last, and after some time spent therein Mr. Speaker resumed the chair and Mr. Gregg reported, that the committee had according to order, had the said report and resolutions under consideration, and directed him to report to the house their disagreement to the resolution contained in the report of the committee aforesaid, also their agreement to the first of the two resolutions referred to them on Friday last with Sundry amendments, and further, that the said committee of the whole house not having time to go through the whole of the business referred to them — had directed him to move the house for leave to sit again.

On the question that the committee of the whole house have leave to sit again.

It passed in the negative.

Ordered, That the report of the committee of the whole house do lie on the table.

Saturday January 11.

The house proceeded to consider the report of the committee of the whole house made yesterday on the report of the committee to whom was referred the message and communication from the president of the United States of the 6th December last, and sundry resolutions of the 3d and 7th instants, whereupon,

The resolution contained in the report of the committee on the president's message aforesaid being read in the words following, to wit.

"*Resolved*, That such number of troops not exceeding as the president of the United States shall deem sufficient to protect the southern frontiers of the United States from Spanish inroad and insult, and to chastise the same be immediately raised."

Twenty Dollars Reward,
WILL be given for apprehending and securing in jail, a young mulatto man slave, named ANDREW. He was hired by me last year to Mr. Joseph Thomas, who keeps the middle ferry opposite to Alexandria, and absconded from that place about the latter end of August last. He is about 23 years of age, 5 feet 8 or 9 inches high, lusty and well made, has short curled hair, and is frequently subject to have several large pimples in his face. He is reckoned to be a sensible fellow, of an easy agreeable address for a man in his low sphere of life. As he has not been heard of by me since his elopement, I suspect he has had the address to ship himself as a freeman on board some vessel either at Alexandria or Baltimore. Whoever takes him up and secures him in any jail, shall receive from me the above reward, as soon as due information thereof is given to me or to Doctor *N. P. Causin,* at Port Tobacco.
